

## Welcome to LINC 2017

Throughout the week, we'll be showcasing Avinger's Lumivascular products that have radically changed the way vascular disease is treated around the world.

Visit our booth in Hall 2 Booth 7C, watch a live case with Arne Schwindt MD from St. Franziskus in Münster, or attend any of our presentations to see how we combine real-time intravascular imaging with therapeutic devices to avoid damaging native arteries.

### LIVE CASE

26 JAN 2017  
**THURSDAY**

OCT-guided directional atherectomy  
for popliteal and BTK disease

TIME 11:53  
LOCATION MAIN ARENA 1  
OPERATOR ARNE SCHWINDT MD

## OTHER PRESENTATIONS

24 JAN 2017  
**TUESDAY**

Two-year follow up data, interim analysis, from the pivotal VISION study for OCT-guided directional atherectomy

TIME 14:50 - 14:55  
LOCATION ROOM 6 SPEAKER'S CORNER  
SPEAKER IAN CAWICH MD

Zero-fluoroscopy revascularization of a calcified SFA CTO using intravascular OCT guidance

TIME 15:36 - 15:42  
LOCATION ROOM 7 SPEAKER'S CORNER  
SPEAKER ARJUN DESAI MD

25 JAN 2017  
**WEDNESDAY**

Amputation prevention via OCT-guided recanalization of a failed venous bypass graft

TIME 11:00 - 11:05  
LOCATION SCIENTIFIC POSTER SESSION  
AUTHOR GLEN SCHWARTZBERG MD

400mm In-Stent Restenosis CTO of the superficial femoral artery successfully treated using OCT-Guided Directional Atherectomy

TIME 11:05 - 11:10  
LOCATION SCIENTIFIC POSTER SESSION  
AUTHOR JAAFER GOLZAR MD

OCT guided atherectomy following antegrade and retrograde posterior tibial CTO crossing via bridging collateral for CLI limb salvage

TIME 13:05 - 13:10  
LOCATION SCIENTIFIC POSTER SESSION  
AUTHOR SEAN JANZER MD

Multi-center acute and long term follow-up utilizing OCT guided atherectomy to treat in-stent restenosis

TIME 14:55 - 15:00  
LOCATION SCIENTIFIC POSTER SESSION  
AUTHOR JAAFER GOLZAR MD

Predictive risk factors for target lesion revascularization post-atherectomy in peripheral arterial disease

TIME 15:05 - 15:10  
LOCATION SCIENTIFIC POSTER SESSION  
AUTHOR JON GEORGE MD

12-month duplex patency and MRA following OCT-guided atherectomy: Single center prospective case series

TIME 16:35 - 16:40  
LOCATION SCIENTIFIC POSTER SESSION  
AUTHOR MARIANNE BRODMANN MD

26 JAN 2017  
**THURSDAY**

Novel 6Fr articulating OCT guided directional atherectomy catheter for infra-popliteal disease

TIME 12:42 - 12:48  
LOCATION ROOM 6 SPEAKER'S CORNER  
SPEAKER JIHAD MUSTAPHA MD

New evidence review for OCT guided atherectomy: Long term patency, in-stent restenosis, and zero contrast/fluoroscopy in CKD patients

TIME 12:18 - 12:24  
LOCATION ROOM 1 MAIN ARENA 1  
SPEAKER TOM DAVIS MD

Future of OCT guided technologies for PAD: True lumen measurement, BTK platform, and calcium therapies

TIME 12:42 - 12:48  
LOCATION ROOM 1 MAIN ARENA 1  
SPEAKER JON GEORGE MD
